

BABCOCK Laboratories, Inc.

## The Babcock Experience

Go the Extra Mile

Our clients expect consistent, top-quality data and performance. That's why we make it a priority to go the extra mile and provide exceptional quality services on which our clients can depend. With over 115 years of experience, Babcock Labs is a name you can trust.

Find Better Ways

The first step in finding comprehensive solutions to complex problems is having a team of dedicated individuals who are genuinely interested in helping you succeed. Babcock Labs' staff seek improvements in processes and activities to deliver outcomes that are of benefit to all your professional needs.

Work Together

To us, business is personal. We care about our clients and the services they provide our communities and environment. Working together we foster meaningful, long-term relationships with our clients, and have a positive impact on the environment.

### WHAT OUR CLIENTS SAY:

"The field team's flow monitoring capability greatly benefits me, as I don't have to go through alternate resources. I have worked with many labs over the years and I really like the fact that Babcock Labs is a full-service laboratory."

- Gary Ethridge, G&G Environmental Compliance Inc.

## FIELD SAMPLING SERVICES

Babcock Labs' Field Technicians have extensive experience in environmental sampling. Our Field team provides sampling services for a whole variety of programs and analyses, including:

### NPDES & Pretreatment Program

- Grab
- Composite Effluent Sampling

### Safe Drinking Water Act & CA Title 22

- Bacteriological
- Chemical
- Radiological

### Groundwater Monitoring

- Field Parameters
- Depth to Groundwater
- Purging & Disposal

### Other Programs

- RCRA
- CA-DTSC
- EPA UCMR
- PFAS

## SUPERIOR SERVICE

Babcock clients save time and money because of our in-house Field team's versatility. We help eliminate the need for clients to maintain their own staff of trained technicians, or hire third parties. Our Field team capabilities include:

- Experienced, CA SWRCB certified field technicians
- Strict adherence to regulatory guidelines
- ISCO sampler & portable flow meter installation
- Grab and 24-hour composite sampling
- Groundwater monitoring
- Consistently high client satisfaction ratings
